

The Cologne Piano Trio

The goal of their collaboration is to use virtuosity to bring notes to life. They prove the courage to emotional expression and join it with deep, mutual comprehension.

During almost 20 years of its existence, the Cologne Piano Trio shows an unusual career. The trio regularly performs in European major cities as well as in Brazil, Japan and Korea.

Besides, the trio plays at international music festivals, such as the Flandern Festival, the Carinthian Summer, the Osaka Festival and the “Berliner Festwochen”.
